

**PERFECT
YOUR
SOUND**

SOLTON

ART IN SOUND FOR OVER 50 YEARS

We offer loudspeakers and sound reinforcement systems, power amplifiers, and digital loudspeaker management systems. In close collaboration with our team of engineers in Germany, we set new standards in engineering to develop innovative and high-performance products for the pro audio market.

From emerging musicians and established bands to rental companies, sports arenas, churches, and theaters, our products serve a wide range of users and industries.

We stand for innovation, modern technologies, and excellent value for money.

Our passion for acoustics and audio excellence drives us.
